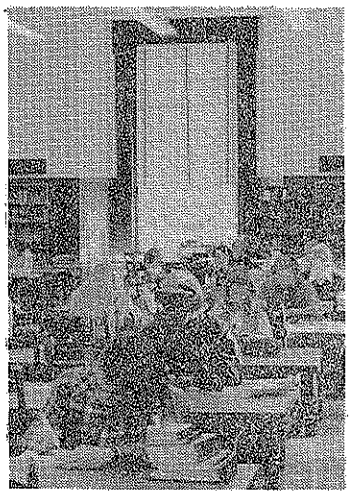
LIBRARIES ARE A WAY OF LIFE IN THE MOUNTAIN STATE



8.

(1) An architect's rendering of the new Cabell County Public Library and Regional Service Center; it will be the nation's first solar-cooled library; (2) The library offers many learning and entertainment opportunities to senior citizens; (3) Story hours for kids are among the most popular activities held in the state's public libraries; (4) Rurally located libraries can usually offer as wide a range of services as large urban centers, due to extensive network programs and systems; (5) Operated from a special library in the West Virginia Library Commission, the Film Program has achieved overwhelming statewide response in its first two years of service; (6) The recent construction of several innovative and energy-saving Outpost Libraries has added more outreach possibilities to library service in the state; (7) The library has always been a good friend to pre-schoolers; (8) In a college or university library, studying is given as much emphasis as information selection.
